

Natural Numbers

A Venn diagram illustrating the relationship between three sets of natural numbers. The outermost set is 'Natural Numbers', represented by a large horizontal oval. Inside this oval is a smaller horizontal oval labeled 'Even Numbers'. Inside the 'Even Numbers' oval is the smallest horizontal oval, labeled 'Numbers Ending in 2 or 4'. This diagram shows that numbers ending in 2 or 4 are a subset of even numbers, which are a subset of natural numbers.

Even Numbers

Numbers Ending in 2 or 4
